

Production employee (m/f/d)

VELOMAT Messelektronik GmbH based in Kamenz is a medium-sized company. For over 30 years, we have been your contact when it comes to specialised questions relating to measurement electronics and sensor technology. We supply national and international customers and also offer customised solutions, which we can realise from prototype to series production thanks to our in-house development and production.

Your tasks

- Setting up, commissioning and testing our measuring systems
- Testing and commissioning of electronic assemblies
- Wiring of electrical circuits and control cabinets
- Creation of product documentation and work instructions
- Preparing calibrations and verifications and carrying them out together with the calibration officer

What you bring with you

- Completed vocational training as an electronics technician, mechatronics technician, industrial electronics technician, electrician or similar
- Independent and responsible way of working
- Communication skills, enthusiasm, ability to work in a team and flexibility
- Class B car driving licence

You can expect

- Varied tasks and thorough induction training
- Responsibility and interesting tasks
- Professional and personal development opportunities
- Permanent employment contract
- Attractive salary
- Performance-related bonus payments
- Company pension scheme
