

# Produktion Manager (m/f/d)

VELOMAT Messelektronik GmbH based in Kamenz is a medium-sized company. For over 30 years, we have been your contact when it comes to specialised questions relating to measurement electronics and sensor technology. We supply national and international customers and also offer customised solutions, which we can realise from prototype to series production thanks to our in-house development and production.

## Your tasks

- Leading, managing and planning a team (10-15 employees) within the production area
- Deciding on the targets and the annual programme for production and setting their weekly schedules
- Carrying out quality checks during ongoing production and any necessary reworking
- Planning and organising special shifts, work on non-working days and paid overtime
- Monitoring compliance with the planning specifications and budgets in your area
- Monitoring compliance with the specified quality standards and characteristics in the ongoing production process
- Realisation of agreed / planned production and delivery deadlines
- Participation in management meetings and leading regular production meetings
- Co-operation with the developers in the introduction of new products, prototyping and quality management

## Your experiences

- Completed vocational training and practical experience in the field of electrical engineering / electronics / mechatronics or comparable
- Several years of management experience as a team leader would be advantageous
- High degree of customer orientation, strategic thinking and a goal-oriented way of working
- Confident demeanour, team player, communicative and willing to learn

## Your benefits

- Varied activities and thorough familiarisation
- Responsibility and interesting tasks
- Professional and personal development opportunities
- Permanent employment contract
- No shift or weekend work
- Attractive salary
- Performance-related bonus payments
- Company pension scheme
